PROPERTY FOR SALE IN RIA FORMOSA, ALGARVE

Ref. 1LS01814

P.O.A

Investment property in the Ria Formosa. Several features of this property make it a rare opportunity in the country. Part of a protected ecosystem, it is suitable for aquaculture, allowing the cultivation of several species of fish and bivalves due to the high quality of the water, thereby facilitating the growth of selected specimens in shorter production periods than other farms while maintaining a high quality standard. The property consists of a number of nurseries in the estuary and tanks formerly used for fish aquaculture, as well as production support facilities and the iconic tide mill, which may be subject to restoration work. With a bivalve production obviously committed to producing a high-quality product, it may b...
