€ 516 000

The 34-unit Legacy Living development, situated on the seafront, is an architectural undertaking featuring one-to-three-bedroom units. Constructed and designed using high-quality materials, these units feature a distinctive and visually captivating architectural style that is fitting for the area. Designed by the Vilacondense architect Manuel Maia Gomes, in co-authorship with the architect João Martins, the Legacy Living apartments combine the coastal lifestyle, sophistication and modernity with tranquillity and harmony. Capitalising on the uninterrupted vistas of the ocean, the architectural configuration of the edifice ensured that each unit was bathed in the distinctive natural illumination that enters via the windows and balcon...
